

Globex Industries — Business Model & Strategic Overview

Prepared for Internal Strategy Review | FY2025 Planning Cycle | CONFIDENTIAL

1. Company Overview

Globex Industries is a precision manufacturing company founded in 1982, headquartered in Detroit, MI. The company designs and manufactures advanced industrial components, sub-assemblies, and turnkey systems for the automotive, aerospace, and defence sectors. Globex operates 6 plants across the US and Mexico, employing 4,200 staff globally.

2. Value Proposition & Target Market

Dimension	Detail
Primary Market	Tier-1 and Tier-2 automotive OEM suppliers; aerospace primes
Core Capability	Zero-defect precision machining to ±5 micron tolerance
Key Value Proposition	Single-source partner: design, prototype, tool, manufacture, ship
Differentiation	ISO 9001:2015, IATF 16949, AS9100D certified; lean six sigma culture
Revenue Model	Long-term supply agreements (3–7 years) + spot orders + after-market parts
Key Customers	3 of top 5 global automotive OEMs; 2 defence prime contractors

3. Revenue Model & Unit Economics

Metric	FY2024	FY2023	Target FY2025
Revenue	\$318M	\$289M	\$345M
Gross Margin	28.4%	26.1%	30%
EBITDA Margin	11.2%	9.8%	13%
Capacity Utilisation	84%	79%	88%
On-Time Delivery (OTD)	96.8%	94.2%	98%
Defect Rate (PPM)	12	28	<10
Revenue per Employee	\$75,700	\$70,200	\$82,000

4. Strategic Priorities — FY2025

- Commission new 120,000 sq ft CNC machining facility in Monterrey, Mexico — Q3 2025.
- Invest \$22M in automation: 18 new robotic welding and assembly cells.
- Secure 2 new OEM supply agreements in the EV (electric vehicle) component space.
- Implement real-time MES (Manufacturing Execution System) across all 6 plants.
- Achieve zero-carbon Scope 1 emissions by 2027 — roadmap finalised Q1 2025.

5. Competitive Landscape

Globex Industries competes in a dynamic market. Key competitive advantages include proprietary technology, strong customer relationships, and a high-quality team. The company continuously monitors market movements and invests in R&D; and product development to maintain its competitive edge.
